

Md. Din Islam

📍 Dhaka, Bangladesh 📞 +8801930840806 ✉ muhammaddinislam08@gmail.com

in [mddinislam08](#)  [Md-DinIslam](#) 

Professional Summary

Computer Science and Engineering under-graduate with a strong passion for problem-solving and software development. Proficient in **C++ and Python**, with a solid foundation in data structures and algorithms. Solved **1,800+** programming problems across various competitive programming platforms and actively participated in **ICPC** and national-level contests such as **IUPC**, gaining experience in high-pressure, team-based problem solving. A motivated and disciplined learner eager to grow as a software engineer and contribute effectively to a professional team.

Technical Skills

DSA Learning Concept: Maintained a well-structured codebase implementing core Data Structures and Algorithms concepts learned through practice. [Learning Concept](#) 

Machine Learning: Scikit-learn, Model Training & Evaluation, Embeddings, Fine-tuning Strategies

Data Science & Analytics: Exploratory Data Analysis, Statistical Analysis, Data Preprocessing, Predictive Modeling

Programming Languages: Python, C++, C, Java, JavaScript, SQL

Databases & Vector Stores: Vector Databases, MySQL.

Experience

Competitive Programming Mentor of Beginner Batch

February 2025 – Present

[Green University of Bangladesh](#)

- Mentored undergraduate students in competitive programming, covering core topics such as **data structures, algorithms, and problem-solving** strategies.
- Guided students through **Codeforces/ CSES** style problems, improving their logical thinking, time complexity analysis, and contest performance.

General Secretary at Green University Competitive Programming Club

November 2025 – Present

[Green University of Bangladesh](#)

- Organized and administered **CP workshops, internal contests, and mentoring activities**, supporting skill development in algorithms and data structures.
- Guided students through **Codeforces/ CSES** style problems, improving their logical thinking, time complexity analysis, and contest performance.

Projects

Multi-Client Chat Application

[github.com/Md-DinIslam/Multi-Client_ChatApp](#) 

- Developed a **Java-based** multi-client chat application supporting real-time communication between multiple users over a network.
- Implemented client-server architecture, handling concurrent connections, message broadcasting, and basic error handling for smooth interaction.

Green Garden

[github.com/Md-DinIslam/My_Project](#) 

- Developed a **web-based** application for Green Garden, enabling users to explore, manage, and interact with gardening resources online.
- Implemented **responsive UI** and **database integration** to enhance user experience and accessibility.

Thesis & Research

Bank Document Layout Analysis (In Progress)

- Working on document layout analysis for **bank-related documents**, focusing on identifying and segmenting structural elements such as **text blocks, tables, and form fields**.
- Applying **computer vision and NLP techniques** to improve document understanding and prepare data for downstream tasks like information extraction.

Achievements

Codeforces Rating: 1314 | 1180+ Problems Solved

codeforces.com/profile/din_ed 

In Various Platforms: Solved **1800+** problems (CSES, LeetCode, CodeChef etc.)

4th Runner-Up: Inter Department Programming Contest (2024)

ICPC: Asia Dhaka Regionalist (2025)

Rank-31: Inter University Collaborative Programming Contest (IUCPC) at BUBT (2025)

Rank-58: Inter University Programming Contest (IUPC) at CUET (2025)

Rank-50: Inter University Programming Contest (IUPC) at Metropolitan University(Sylhet) (2025)

Training & Certifications

5+ Certificate – Participation at Inter University Programming Contest.

Competitive Programming Course – CPS Academy (2024)

Education

B.Sc. in Computer Science and Engineering

(Expected September 2026)

Green University of Bangladesh

- CGPA: 3.15/4.00 (2 Semester remaining)

Higher Secondary Certificate (Science)

2020

Sunrise College Uttara

- GPA: 4.50/5.00
